Re: Letter of support for the Save Our Skies Alliance Colorado

Obi Ezeadi
Councillor

Dear Commissioners,

Amber Hott
Councillor

The Westminster City Council has received a copy of the Save Our Skies Alliance Colorado's (SOS) February 4, 2025 letter to the Jefferson County Commissioners. Operation of the Rocky Mountain Metropolitan Airport remains a matter of significant concern to our residents. We urge you to consider the SOS requests and carefully evaluate how best to mitigate the issues identified to the maximum extent of your authority. We see effective community engagement as a critical part of this process. Westminster asks that the County engage in robust and ongoing community engagement now and as the Airport updates its Master Plan.

Kristine Ireland
Councillor

Sincerely,

Nancy McNally, Mayor

City of Westminster
